2021 School Accountability Report Card

Harmony

Union School District

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements

Harmony Union School District houses Harmony Elementary School and Salmon Creek--A Charter School on one campus. The District continually maintains and updates both long and short-range goals to keep the campus clean, safe, and well maintained to provide a conducive environment for student learning in today's society. Recent \$9.6 Million Bond has provided for significant upgrades and funding to complete all deferred maintenance projects. Regular maintenance and upkeep are routinely performed to keep the school in good working order. Restrooms were remodeled in summer 2019. No complaints have been filed about cleanliness or upkeep. Our custodial and maintenance staff includes 1 full-time head custodian and 1 full-time custodian. In addition, students, staff, parents, and volunteers are regularly reminded and encouraged to take individual responsibility for the care and upkeep of our facilities, environment and equipment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

ARK Education Foundation:

The ARK is the Harmony Union School District's non-profit Education Foundation and Parent Group. Harmony Elementary School is supported on a continual basis by a network of parent volunteers who assist teachers and staff in and out of the classroom. Throughout the year volunteers work tirelessly, raising funds that support many activities and programs for the students and teachers at Harmony Elementary School. The ARK Education Foundation is also invaluable for their ongoing support to Harmony Elementary School. Harmony Union School District always welcomes and appreciates our large community of parent volunteers.

School Site Council/Charter Advisory Board:

The Site Council/Charter Advisory Board serves as the school community representative body for determining the focus of the school's academic instructional program and all related categorical resources. The Legislative intent for the formation of school site council is that individuals who are most affected by the operation of the school should have a major role in the decisions regarding how a school functions. Education should be a joint effort of parents, teachers, administrators and other school staff; all who share the common goal in making sure our students are successful. Harmony Union School District's Site Council is also the district's Charter Advisory Board. This group meets once a month and parent/community members are elected to the Site Council/Charter Advisory Board every two years. The group also consists of teachers, classified employees, and students that are elected by their peer groups to serve a two-year staggered term. If you are interested in becoming a part of the Site Council/Charter Advisory Board please contact the school office.

Governance Committees:

Parents are invited to serve on ad hoc committees in the support of active projects and inquiries for the school. Recent committees include the Bond Committee, Place Based Learning, and Community Connections.

Harmony Union School District Board of Trustees:

The Board is comprised of five members, each serving a four-year term. Members are elected through the general election held in November. The Board serves for both Harmony Elementary School and Salmon Creek Middle School--A Charter School. Candidates must be California citizens, registered voters, and live within district boundaries. Agendas for the monthly

2021-22 Opportunities for Parental Involvement

meetings are posted on the school campus. The main functions of the Board are to employ and evaluate the superintendent, establish district policy and monitor the budget; and to set and monitor the implementation of annual and long-range goals. To learn more, please call the superintendent at 874- 1205.

- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2021-22 School Safety Plan

The Harmony Union School District maintains a school-wide comprehensive safety plan that is reviewed and updated annually by the School Site Council/Charter Advisory Board and the Board of Trustees. All administrative staff and key safety support staff have received training in National Incident Management System (NIMS) and State Emergency Management System (SEMS). Throughout the year staff and students practice various safety drills (lock-down, fire drill, earthquake drill, and evacuation). HUSD's safety committee meets multiple times a year. A copy of the Harmony Union School District's Comprehensive Safety Plan is available for review in the district office.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school’s local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs’ federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
